Accessibility Guide - Skipholti 31

1. Arriving to the building

The parking lots for the LHÍ Music Department are located on the side of the building, parallel to Skipholt.

Accessible entry with ramp
Two labeled disability parking spaces are located next to the reception on the ground floor.

Disability parking lot
Two additional disability parking spaces are located on the upper level. A ramp provides step-free access into the building for wheelchair users or those using walking support.

2. Entering the building

The door can be opened with a staff or student card. Visitors can contact Guðmundur Vignir Karlsson, Service and technical coordinator, to organize a pick-up from this point: vignirkarls@lhi.is

Opening hours: **Monday - Friday 08:00 - 16:00, Fridays 08:00 - 13:00**

Please note that the doors are heavy and do not open automatically.
Help might be required to move through the building.

3. **Accessible restrooms**

There is one **barrier-free restroom** across the building. It is located on the ground floor, close to the main entry.

The door to the bathroom does not open automatically and does not have a baby changing station.

4. Elevator

An elevator is located directly behind this entrance and can also be accessed from the downstairs hallway.

The buttons correspond to:
1 – Class rooms
2 – *Not relevant*
3 – Class rooms, faculty offices
4 – **Reception**, class rooms, student lounge

The elevator accommodates wheelchairs, but there might be difficulties opening and closing the doors.

5. **Thresholds**

Several areas of the building include raised door thresholds, and some classrooms are only accessible via stairs, with no step-free path available.

Classes can always be rescheduled in other rooms or the equipment is moved to other, accessible spaces.

6. Quiet spaces

No formal quiet spaces are available in the Music Department; however, shared student areas offer places to pause and relax.

7. Reception and Meeting Point

During opening hours, LHÍ staff can
help with room bookings and offer building tours
focused on accessibility and recommended routes.

The reception can also be used as a **meeting point.**

Upon entering the 4th floor,
the reception is clearly
visible on your left.
